EXHIBIT 31

Heraeus Metals Processing and Heraeus Precious Metals; Adv. Pro. No. 07-02445-rdd

Defendants Heraeus Precious Metals, LLC (“HPM”) and Heraeus Metal Processing, LLC (“HMP”) (collectively the “Heraeus Defendants” or “Heraeus”) were served, via their counsel, with the Proposed Forty-Eighth Omnibus Hearing Agenda, which specifically identified the Debtors’ Final Extension Motion as Agenda item C(1). *Ex. 6, Affidavit of Service, Proposed Forty-Eighth Omnibus Hearing Agenda, p. 2; Ex. 5, Proposed Forty-Eighth Omnibus Hearing Agenda.*¹

The Heraeus Defendants filed a total of four declarations, each of which states that the Heraeus Defendants did not receive service of the Final Extension Motion. *Ex. 31(a), 31(b), 31(c) and 31(d)*. None of the entity declarants, however, denies receipt of the Final Extension Motion or any of the other Extension Motions. The Declarations of (i) Frederick J. Salek, Vice President and General Counsel of Heraeus Incorporated, the parent company of the Heraeus Defendants, *Ex. 31(a)*; (ii) David Gallagher, Head of Compliance and Risk Management of Heraeus Precious Metals, *31(b)*; and (iii) Diane Carrillo-Mireles, Vice President of Finance of Heraeus Metal Processing, LLC, *31(c)*, state only that they were not aware of that a complaint had been filed against the Heraeus Defendants. *Ex. 31(a), ¶ 6; 31(b) ¶ 12; and 31(c) ¶ 8.*

The fourth declarant, William M. Barron, counsel for the Heraeus Defendants, states only that he reviewed the Affidavit of Service of the Final Extension Motion and notes that neither of the Heraeus Defendants is mentioned. *Ex. 31(d), ¶2*. He fails to acknowledge that counsel was

¹ Heraeus Metals Processing and Heraeus Precious Metals are identified on the Affidavit of Service as “Wc Heraues”. W.C. Heraeus has two business groups, known as Heraeus Metals Processing and Heraeus Precious Metals. *Ex. 31(e), Heraeus Webpage.*

served with the Proposed Forty-Eighth Omnibus Hearing Agenda, which specifically identified the Debtors' Final Extension Motion as Agenda item C(1). *Ex. 5.*

Notably, the Declaration of David Gallagher, Head of Compliance and Risk Management of Heraeus Precious Metals, acknowledges that HPM communicated with Delphi's lawyers during the reorganization and that HPM had received "\$15,544,794.06" from Delphi "during the 90-day period before October 8, 2005." *Ex. 31(b), ¶¶ 7 and 12.*

Further, the Heraeus Defendants also received relevant information advising that avoidance claims had been filed under seal and the time to serve the complaints and summonses had been extended. The Heraeus Defendants were served with the First Amended Plan Disclosure Statement, filed in December 2007. *See Affidavit of Service (Docket No. 11974).*² On December 13, 2007, the Debtors also filed a copy of the Disclosure Statement publicly with their Form 8-K (Docket No. 11388). The Disclosure Statement outlined in detail that preference claims were to be filed under seal, with service deferred until after the limitations period. As this Court discussed during the July 22, 2010 hearing, the Disclosure Statement, combined with the defendants' knowledge that they had in fact received preferential transfers, put the defendants on notice of the preference claim procedures at issue and on inquiry notice as to the need to monitor preference claim developments. *Ex. 8, July 22, 2010 Transcript, pp. 150-153.* Sophisticated creditors like the Heraeus Defendants typically are well aware of prospects and risks of preference litigation and it seems unlikely that creditors like the Heraeus Defendants could be surprised or caught off guard when such preference complaints are finally filed. *See also In re TWA Inc. Post Confirmation Estate*, 305 B.R. 221, 227 (D. Del. 2004) ("[I]n large chapter 11 cases sophisticated creditors typically are well aware of prospects and risks of preference

² *Ex. 7, Service List: Executory Contracts and Unexpired Leases, p. 104.*

litigation. ... Thus, it seems unlikely that creditors could be surprised or caught off guard when such preference complaints are finally filed.”).

DECLARATION OF FREDERICK J. SALEK

FREDERICK J. SALEK declares as follows:

1. I am Vice President and General Counsel of Heraeus Incorporated ("Heraeus"), which has its offices at 540 Madison Avenue, in New York City.

2. Heraeus is the parent company of Defendants Heraeus Precious Metals, LLC ("HPM") and Heraeus Metal Processing, LLC ("HMP").

3. I make this Declaration to be used as evidence in the above-captioned cases and adversary proceeding. The facts stated herein are true, based upon my own personal knowledge and knowledge of Heraeus' business records, as well as those of HPM and HMP.

4. I became General Counsel of Heraeus on July 1, 2007. Part of my responsibility as General Counsel is to be aware of any claim or court proceeding against any Heraeus entity in the United States. Any legal action known to be pending against any Heraeus business entity in the United States in the last four years would have immediately come to my attention.

5. I would certainly have been notified if HPM, HMP or any other Heraeus entity had been named in a lawsuit in the United States.

6. I first learned of the complaints in the above-captioned adversary proceedings on March 22 or 23, 2010. Before that date, I had no knowledge of any claim or complaint against any Heraeus entity by any Delphi entity.

I declare under penalty of perjury that the foregoing is true and correct.

DECLARATION OF DAVID GALLAGHER

DAVID GALLAGHER declares as follows:

1. I am the Head of Compliance and Risk Management of Heraeus Precious Metals, LLC ("HPM"), which has its offices at 540 Madison Avenue, in New York City.

2. I make this Declaration to be used as evidence in the above-captioned cases and adversary proceeding, and the facts stated herein are, based on my own personal knowledge and knowledge of the business records of HPM, true.

3. HPM is a commodity seller of precious metals to industry users. For many years, including before and during 2005, HPM leased or sold metals of the platinum group to Delphi Automotive Systems, LLC ("Delphi") to meet its needs for automotive uses such as in catalytic converters.

5. I have examined the proposed First Amended Complaint to Avoid and Recover Transfers Pursuant to 11 U.S.C. §§ 547 and 550 (including Exhibit 1 thereto) a copy of which is attached to Reorganized Debtors' Motion for Leave to File Amended Complaints [Docket No. 20575] and also to this Declaration as Exhibit A (the "Proposed Amended Complaint").

6. The information set out on Exhibit 1 to the Proposed Amended Complaint fails accurately or consistently to reflect actual transactions between HPM and Delphi and overstates payments made by Delphi to HPM by \$19,584,480.42. Among other inaccuracies and inconsistencies:

A. Said Exhibit 1 lists more than a dozen payments which are duplicative and thus overstates payments to HPM by \$6,946,929.42. I have noted these in the copy of said Exhibit 1 that is attached to this Declaration as Exhibit B.

B. In addition, said Exhibit 1 confuses payments *from* HPM *to* Delphi with payments *from* Delphi *to* HPM, thus overstating the payments made by Delphi to HPM by an additional \$12,637,551. I have likewise noted these payments in Exhibit B attached hereto. There are 8 items which I identify as 'DD'. The first 4 of the 8 were HPM purchases and should have been negative numbers on Delphi's exhibits; that is, they were not items payable by Delphi to HPM, but items payable by HPM to Delphi. Delphi netted these 8 items and paid HPM \$739,173 which was correct. Then they mistakenly duplicated that net number.

7. After taking into account the duplications and other errors in said Exhibit 1, the actual total of all payments HPM received from Delphi during the 90-day period before October 8, 2005, was \$ 15,544,794.06.

8. Delphi and HPM intended that each of such payments be made in contemporaneous exchange for precious metal commodities delivered by HPM to Delphi.

9. Delphi in fact made each such payment in exchange for precious metal commodities delivered by HPM substantially contemporaneously with the payment, in most cases on or within two business days of the delivery and in no case later than seven business days after the delivery.

10. Delphi made each such payment in payment of a debt incurred for the purchase of precious metal commodities in the ordinary course of business of Delphi and HPM.

11. Each such payment was made in the ordinary course of business of Delphi and HPM and was made according to ordinary business terms, which were consistent with the course of dealing between HPM and Delphi, customary in our own business dealings in general, and customary in the industry of dealing in precious metals commodities.

12. Until I saw a copy of the original complaint filed in the above-captioned adversary proceeding earlier in 2010, HPM had no knowledge or even inkling that Delphi was suing HPM in this matter or had filed a complaint against HPM three years earlier regarding payments made by Delphi to HPM in 2005, although HPM continued to supply Delphi with precious metals after October 2005 and during its reorganization proceeding, and our lawyers were in contact with Delphi's lawyers for the following years regarding unrelated matters.

13. It is HPM's custom and practice, and has been HPM's custom and practice since before 2005, upon receiving notice of the commencement of a legal action against HPM, (i) to consult with its counsel and its auditors with respect to such action, (ii) to consider in consultation with its counsel and auditors the propriety and/or necessity of disclosing the action

to its bankers and others and of establishing a reserve for the liability, if any, to arise from such action, (iii) to preserve and archive email exchanges and other communications with the claimant or otherwise relating to such action.

14. Because Delphi kept secret the filing of the complaint in the above-captioned adversary proceeding against HPM for more than 2 1/2 years after filing it in 2007, HPM did not, prior to 2010, (i) consult with its counsel and its auditors with respect to such action, (ii) consider the propriety and/or necessity of disclosing the action to its bankers and others and of establishing a reserve for the liability, if any, to arise from such action, or (iii) archive and preserve email exchanges and other communications with Delphi or otherwise concerning its transactions in precious metals.

15. My investigation to date indicates the likelihood that a great deal of email exchanges with Delphi and otherwise concerning HPM's transactions in precious metals that may have been relevant to the above-captioned adversary proceeding has been lost or destroyed in accordance with HPM's standard deletion practices, placing HPM at a great disadvantage in its defense of said action.

I declare under penalty of perjury that the foregoing is true and correct.

DECLARATION OF DIANE CARRILLO-MIRELES

DIANE CARRILLO-MIRELES declares as follows:

1. I am the VP of Finance of Heraeus Metal Processing, LLC ("HMP"), which has its offices in Santa Fe Springs, California.

2. I make this Declaration to be used as evidence in the above-captioned cases and adversary proceeding, and the facts stated herein are, based on my own personal knowledge and knowledge of the business records of HMP, true.

3. HMP manufactures and sells precious metal compounds and chemicals. For many years, including before and during 2005, HMP sold chemicals and compounds to Delphi Automotive Systems, LLC ("Delphi").

4. I have examined the proposed First Amended Complaint to Avoid and Recover Transfers Pursuant to 11 U.S.C. §§ 547 and 550 (including Exhibit 1 thereto) a copy of which is attached to Reorganized Debtors' Motion for Leave to File Amended Complaints [Docket No. 20575] and also to this Declaration as Exhibit A (the "Proposed Amended Complaint").

5. The Proposed Amended Complaint refers in paragraph 16 to "Heraeus Metal Processing Ltd. ("HMPL") as "an Ireland corporation" but incorrectly states that HMPL is located at the same address where HMP has been for years in Santa Fe Springs, CA. HMPL is located in Ireland, not in California. The listing of transfers attached to the Proposed Amended Complaint starts with 15 items as to which HMPL is listed as the "Transfer Recipient." I confirm that none of these 15 transfers was received by HMP.

6. As to each of the remaining payments listed, Delphi made each such payment in payment of a debt incurred for the purchase of chemicals and compounds in the ordinary course of business of Delphi and HMP.

7. Each such payment was made in the ordinary course of business of Delphi and HMP and was made according to ordinary business terms, which were consistent with the course of dealing between HMP and Delphi, customary in our own business dealings in general, and customary in the industry.

8. Until I saw a copy of the original complaint filed in the above-captioned adversary proceeding earlier in 2010, HMP had no knowledge or even inkling that Delphi was

suing HMP in this matter or had filed a complaint against HMP three years earlier regarding payments made by Delphi to HMP in 2005, although HMP continued to supply Delphi after October 2005 and during its reorganization proceeding, and our lawyers were in contact with Delphi's lawyers for the following years regarding unrelated matters.

9. It is HMP's custom and practice, and has been HMP's custom and practice since before 2005, upon receiving notice of the commencement of a legal action against HMP, (i) to consult with its counsel and its auditors with respect to such action, and (ii) to consider in consultation with its counsel and auditors the propriety and/or necessity of disclosing the action to its bankers and others and of establishing a reserve for the liability, if any, to arise from such action.

10. Because Delphi kept secret the filing of the complaint in the above-captioned adversary proceeding against HMP for more than 2 1/2 years after filing it in 2007, HMP did not, prior to 2010, (i) consult with its counsel and its auditors with respect to such action, or (ii) consider the propriety and/or necessity of disclosing the action to its bankers and others and of establishing a reserve for the liability, if any, to arise from such action.

I declare under penalty of perjury that the foregoing is true and correct.

DECLARATION OF WILLIAM M. BARRON

WILLIAM M. BARRON declares as follows:

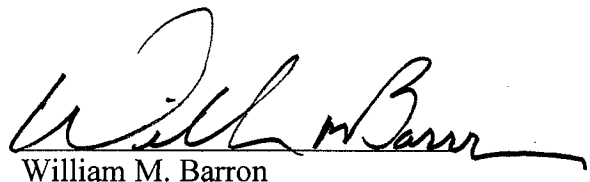

1. I am a member of the law firm of Smith, Gambrell & Russell, LLP, counsel for Defendants, Heraeus Precious Metals, LLC (“HPM”) and Heraeus Metal Processing, LLC (“HMP”) (collectively, the “Heraeus Defendants” or “Heraeus”), in the above-captioned adversary proceedings.

2. I have reviewed the Affidavit of Service by Darlene Calderon, dated October 7, 2009 (Docket No. 18967), wherein Ms. Calderon states that she served the Debtors’ *Supplemental Motion to Extend Deadline To Serve Process For Avoidance Actions Filed In Connection With Preservation Of Estate Claims Procedures Order*, filed on October 2, 2009 (Docket No. 18952) on various listed parties. Neither HPM nor HMP is mentioned in the Affidavit of Service.

3. In the “Heraeus Defendants’ Response in Opposition to Reorganized Debtors’ Motion for Leave to File Amended Complaints”, dated November 24, 2010 (Docket No. 20909), the Heraeus Defendants detailed at pp. 3-8 the record evidence showing that they received no notice of the Debtors’ successive motions to extend the deadline to serve the complaints the Debtors filed under seal in 2007, and that neither HPM nor HMP received any notice that the Debtors had filed a complaint against either entity until on or about March 22, 2010. In their “Omnibus Reply” dated January 28, 2011, the Debtors presented no argument or evidence to contradict Heraeus’s evidence.

I declare under penalty of perjury that the foregoing is true and correct.

Precious Metals - W. C. Heraeus

Heraeus

W. C. Heraeus

W. C. Heraeus has been reorganized and separated into two new independent Business Groups namely **Heraeus Materials Technology** and **Heraeus Precious Metals**.

In this context, the W. C. Heraeus website has been duly dismantled, and the content transferred to the corresponding websites of the new Business Groups Heraeus Materials Technology and Heraeus Precious Metals.

The new internet presence of both business groups can be accessed online with immediate effect.

Heraeus Materials Technology

Heraeus Precious Metals
